

» Symposium on Complex Networks: from Classical to Quantum «

Date: Monday 16 October 2017

Location: Abreu Faro Amphitheatre, Interdisciplinary Building, IST, Lisbon

Taming Complexity: Controlling Networks

Time: 17:00

Albert-László Barabási

(Center of Complex Networks Research, Northeastern University & Division of Network Medicine, Harvard University)

The Emergence of Complex Quantum Networks

Time: 17:45

Yasser Omar

(Instituto Superior Técnico & Instituto de Telecomunicações)

Supported by:

*Instituto Superior Técnico, Instituto de Telecomunicações and
Project NQuN – The Nature of Quantum Networks,
John Templeton Foundation (Grant Agreement n. 60478).*
